CHAPTER 56

# **SENATE BILL 1334**

AN ACT

AMENDING SECTION 45-596, ARIZONA REVISED STATUTES, AS AMENDED BY LAWS 2005, CHAPTER 254, SECTION 2; AMENDING SECTION 45-596, ARIZONA REVISED STATUTES, AS AMENDED BY LAWS 2002, CHAPTER 133, SECTION 5; RELATING TO WELLS; PROVIDING FOR CONDITIONAL ENACTMENT.

(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 45-596, Arizona Revised Statutes, as amended by  
3 Laws 2005, chapter 254, section 2, is amended to read:

4 45-596. Notice of intention to drill; fee

5 A. In an area not subject to active management, a person may not drill  
6 or cause to be drilled any well or deepen an existing well without first  
7 filing notice of intention to drill pursuant to subsection C of this section  
8 or obtaining a permit pursuant to section 45-834.01. Only one notice of  
9 intention to drill is required for all wells that are drilled by or for the  
10 same person to obtain geophysical, mineralogical or geotechnical data within  
11 a single section of land.

12 B. In an active management area, a person may not drill or cause to be  
13 drilled an exempt well, a replacement well in approximately the same location  
14 or any other well for which a permit is not required under this article,  
15 article 7 of this chapter or section 45-834.01 or deepen an existing well  
16 without first filing a notice of intention to drill pursuant to subsection C  
17 of this section. Only one notice of intention to drill is required for all  
18 wells that are drilled by or for the same person to obtain geophysical,  
19 mineralogical or geotechnical data within a single section of land.

20 C. A notice of intention to drill shall be filed with the director on  
21 a form which is prescribed and furnished by the director and which shall  
22 include:

- 23 1. The name and mailing address of the person filing the notice.
- 24 2. The legal description of the land upon which the well is proposed  
25 to be drilled and the name and mailing address of the owner of the land.
- 26 3. The legal description of the location of the well on the land.
- 27 4. The depth, diameter and type of casing of the proposed well.
- 28 5. Such legal description of the land upon which the groundwater is  
29 proposed to be used as may be required by the director to administer this  
30 chapter.
- 31 6. When construction is to begin.
- 32 7. The proposed uses to which the groundwater will be applied.
- 33 8. The name and well driller's license number of the well driller who  
34 is to construct the well.
- 35 9. The design pumping capacity of the well.
- 36 10. If for a replacement well, the maximum capacity of the original  
37 well and the distance of the replacement well from the original well.
- 38 11. Proof that the director determines to be satisfactory that the  
39 person proposing to construct the well holds a valid license issued by the  
40 registrar of contractors pursuant to title 32, chapter 10 and that the  
41 license is of the type necessary to construct the well described in the  
42 notice of intention to drill. If the proposed well driller does not hold a  
43 valid license, the director may accept proof that the proposed well driller  
44 is exempt from licensing as prescribed by section 32-1121.

12. If any water from the proposed well will be used for domestic purposes as defined in section 45-454, evidence of compliance with the requirements of subsection F of this section.

13. If for a second exempt well at the same location for the same use pursuant to section 45-454, subsection I, proof that the requirements of that subsection are met.

14. If for a well to obtain geophysical, mineralogical or geotechnical data within a single section of land, the information prescribed by this subsection for each well that will be included in that section of land before each well is drilled.

15. Such other information as the director may require.

D. Upon receiving a notice of intention to drill and the fee required by subsection I of this section, the director shall endorse on the notice the date of its receipt. The director shall then determine whether all information that is required has been submitted and whether the requirements of subsection C, paragraphs 11 and 12 of this section have been met. If so, within fifteen days of receipt of the notice, the director shall record the notice, mail a drilling card that authorizes the drilling of the well to the well driller identified in the notice and mail written notice of the issuance of the drilling card to the person filing the notice of intention to drill at the address stated in the notice. Upon receipt of the drilling card, the well driller may proceed to drill or deepen the well as described in the notice of intention to drill. If the director determines that the required information has not been submitted or that the requirements of subsection C, paragraphs 11 and 12 of this section have not been met, the director shall mail a statement of the determination to the person giving the notice to the address stated in the notice, and the person giving the notice may not proceed to drill or deepen the well.

E. The well shall be completed within one year after the date of the notice UNLESS THE DIRECTOR APPROVES A LONGER PERIOD OF TIME PURSUANT TO THIS SUBSECTION. If the well is not completed within one year OR WITHIN THE TIME APPROVED BY THE DIRECTOR PURSUANT TO THIS SUBSECTION, the person shall file a new notice before proceeding with further construction. AT THE TIME THE DRILLING CARD FOR THE WELL IS ISSUED, THE DIRECTOR MAY PROVIDE FOR AND APPROVE A COMPLETION PERIOD THAT IS GREATER THAN ONE YEAR BUT NOT TO EXCEED FIVE YEARS FROM THE DATE OF THE NOTICE IF BOTH OF THE FOLLOWING APPLY:

1. THE PROPOSED WELL IS A NONEXEMPT WELL WITHIN AN ACTIVE MANAGEMENT AREA AND QUALIFIES AS A REPLACEMENT WELL IN APPROXIMATELY THE SAME LOCATION AS PRESCRIBED IN RULES ADOPTED BY THE DIRECTOR PURSUANT TO SECTION 45-597.

2. THE APPLICANT HAS SUBMITTED EVIDENCE THAT DEMONSTRATES ONE OF THE FOLLOWING:

(a) THIS STATE OR A POLITICAL SUBDIVISION OF THIS STATE HAS ACQUIRED OR HAS BEGUN A CONDEMNATION ACTION TO ACQUIRE THE LAND ON WHICH THE ORIGINAL WELL IS LOCATED.

1 (b) THE ORIGINAL WELL HAS BEEN RENDERED INOPERABLE DUE TO FLOODING,  
2 SUBSIDENCE OR OTHER EXTRAORDINARY PHYSICAL CIRCUMSTANCES THAT ARE BEYOND THE  
3 CONTROL OF THE WELL OWNER.

4 F. If any water from a proposed well will be used for domestic  
5 purposes as defined in section 45-454 on a parcel of land of five or fewer  
6 acres, the applicant shall submit a well site plan of the property with the  
7 notice of intention to drill. The site plan shall:

8 1. Include the county assessor's parcel identification number.

9 2. Show the proposed well location and the location of any septic tank  
10 or sewer system that is either located on the property or within one hundred  
11 feet of the proposed well site.

12 3. Show written approval by the county health authority that controls  
13 the installation of septic tanks or sewer systems in the county, or by the  
14 local health authority in areas where the authority to control installation  
15 of septic tanks or sewer systems has been delegated to a local authority. In  
16 areas where there is no local or county authority that controls the  
17 installation of septic tanks or sewer systems, the applicant shall apply for  
18 approval directly to the department of water resources.

19 G. Before approving a well site plan submitted pursuant to subsection  
20 F of this section, the county or local health authority or the department of  
21 water resources, as applicable, pursuant to subsection F of this section,  
22 shall review the well site plan and determine whether the proposed well  
23 location complies with applicable local laws, ordinances and regulations and  
24 any laws or rules adopted under this title and title 49 regarding the  
25 placement of wells and the proximity of wells to septic tanks or sewer  
26 systems. If the health authority or the department of water resources, as  
27 applicable, pursuant to subsection F of this section, finds that the proposed  
28 well location complies with this title and title 49 and with local  
29 requirements, it shall endorse the site plan and the proposed well placement  
30 in a manner indicating approval. On endorsement, the director of water  
31 resources shall approve the construction of the well, if all remaining  
32 requirements have been met. If the health authority is unable to determine  
33 whether the proposed well location complies with this title and title 49 and  
34 local requirements, it shall indicate this on the site plan and the decision  
35 to approve or reject the proposed construction rests with the director of  
36 water resources. If parcel size, geology or location of improvements on the  
37 property prevents the well from being drilled in accordance with this title  
38 and title 49 or local requirements, the property owner may apply for a  
39 variance. The property owner shall make the request for a variance to the  
40 county or local authority if a county or local law, ordinance or regulation  
41 prevents the proposed construction. If a law or rule adopted under this  
42 title or title 49 prevents the proposed construction, the property owner  
43 shall make the request for a variance directly to the department of water  
44 resources. The request for a variance shall be in the form and shall contain  
45 the information that the department of water resources, county or local

1 authority may require. The department of water resources, or the county or  
2 local authority whose law, ordinance or regulation prevents the proposed  
3 construction, may expressly require that a particular variance shall include  
4 certification by a registered professional engineer or geologist that the  
5 location of the well will not pose a health hazard to the applicant or  
6 surrounding property or inhabitants. If all necessary variances are  
7 obtained, the director of water resources shall approve the construction of  
8 the well if all remaining requirements have been met.

9 H. If a well that was originally drilled as an exploration well, a  
10 monitor well or a piezometer well or for any use other than domestic use is  
11 later proposed to be converted to use for domestic purposes as defined in  
12 section 45-454, the well owner shall file a notice of intention to drill and  
13 shall comply with this section before the well is converted and any water  
14 from that well is used for domestic purposes.

15 I. A notice of intention to drill filed under this section shall be  
16 accompanied by a filing fee of one hundred fifty dollars, except that a  
17 notice filed for a proposed well that will not be located within an active  
18 management area or an irrigation nonexpansion area, that will be used solely  
19 for domestic purposes as defined in section 45-454 and that will have a pump  
20 with a maximum capacity of not more than thirty-five gallons per minute shall  
21 be accompanied by a filing fee of fifty dollars if filed before July 1, 2004,  
22 seventy-five dollars if filed from July 1, 2004 through June 30, 2005 and one  
23 hundred dollars if filed on or after July 1, 2005. The director shall  
24 deposit, pursuant to sections 35-146 and 35-147, all fees collected pursuant  
25 to this subsection in the well administration and enforcement fund  
26 established by section 45-606.

27 Sec. 2. Section 45-596, Arizona Revised Statutes, as amended by Laws  
28 2002, chapter 133, section 5, is amended to read:

29 45-596. Notice of intention to drill

30 A. In an area not subject to active management, a person may not drill  
31 or cause to be drilled any well or deepen an existing well without first  
32 filing notice of intention to drill pursuant to subsection C of this section  
33 or obtaining a permit pursuant to section 45-834.01.

34 B. In an active management area, a person may not drill or cause to be  
35 drilled an exempt well, a replacement well in approximately the same location  
36 or any other well for which a permit is not required under this article,  
37 article 7 of this chapter or section 45-834.01 or deepen an existing well  
38 without first filing a notice of intention to drill pursuant to subsection C  
39 of this section.

40 C. A notice of intention to drill shall be filed with the director on  
41 a form which is prescribed and furnished by the director and which shall  
42 include:

- 43 1. The name and mailing address of the person filing the notice.  
44 2. The legal description of the land upon which the well is proposed  
45 to be drilled and the name and mailing address of the owner of the land.

- 1           3. The legal description of the location of the well on the land.
- 2           4. The depth, diameter and type of casing of the proposed well.
- 3           5. Such legal description of the land upon which the groundwater is
- 4 proposed to be used as may be required by the director to administer this
- 5 chapter.
- 6           6. When construction is to begin.
- 7           7. The proposed uses to which the groundwater will be applied.
- 8           8. The name and well driller's license number of the well driller who
- 9 is to construct the well.
- 10          9. The design pumping capacity of the well.
- 11          10. If for a replacement well, the maximum capacity of the original
- 12 well and the distance of the replacement well from the original well.
- 13          11. If the proposed well would pump Colorado river water, proof that
- 14 the director determines to be satisfactory that the person who files the
- 15 notice has the legal right to use Colorado river water. This paragraph does
- 16 not apply to a proposed well that will have a pump with a maximum capacity of
- 17 not more than thirty-five gallons per minute and that will be used for the
- 18 supply, service and activities of households and private residences,
- 19 including the application of water to less than two acres of land to produce
- 20 plants or parts of plants for sale or human consumption or for use as feed
- 21 for livestock, range livestock or poultry, as those terms are defined in
- 22 section 3-1201.
- 23          12. Proof that the director determines to be satisfactory that the
- 24 person proposing to construct the well holds a valid license issued by the
- 25 registrar of contractors pursuant to title 32, chapter 10, and that the
- 26 license is of the type necessary to construct the well described in the
- 27 notice of intention to drill. If the proposed well driller does not hold a
- 28 valid license, the director may accept proof that the proposed well driller
- 29 is exempt from licensing as prescribed by section 32-1121.
- 30          13. If any water from the proposed well will be used for domestic
- 31 purposes as defined in section 45-454, evidence of compliance with the
- 32 requirements of subsection F of this section.
- 33          14. Such other information as the director may require.
- 34          D. Upon receiving a notice of intention to drill, the director shall
- 35 endorse on the notice the date of its receipt. The director shall determine
- 36 whether all information that is required has been submitted and, if
- 37 applicable, whether the requirements of subsection C, paragraphs 11, 12 and
- 38 13 of this section have been met. If so, within fifteen days of receipt of
- 39 the notice, the director shall record the notice, mail a drilling card that
- 40 authorizes the drilling of the well to the well driller identified in the
- 41 notice and mail written notice of the issuance of the drilling card to the
- 42 person filing the notice of intention to drill at the address stated in the
- 43 notice. Upon receipt of the drilling card, the well driller may proceed to
- 44 drill or deepen the well as described in the notice of intention to
- 45 drill. If the director determines that the required information has not been

1 submitted or, if applicable, that the requirements of subsection C,  
2 paragraphs 11, 12 and 13 of this section have not been met, the director  
3 shall mail a statement of the determination to the person giving the notice  
4 to the address stated in the notice, and the person giving the notice may not  
5 proceed to drill or deepen the well.

6 E. The well shall be completed within one year after the date of the  
7 notice UNLESS THE DIRECTOR APPROVES A LONGER PERIOD OF TIME PURSUANT TO THIS  
8 SUBSECTION. If the well is not completed within one year OR WITHIN THE TIME  
9 APPROVED BY THE DIRECTOR PURSUANT TO THIS SUBSECTION, the person shall file a  
10 new notice before proceeding with further construction. AT THE TIME THE  
11 DRILLING CARD FOR THE WELL IS ISSUED, THE DIRECTOR MAY PROVIDE FOR AND  
12 APPROVE A COMPLETION PERIOD THAT IS GREATER THAN ONE YEAR BUT NOT TO EXCEED  
13 FIVE YEARS FROM THE DATE OF THE NOTICE IF BOTH OF THE FOLLOWING APPLY:

14 1. THE PROPOSED WELL IS A NONEXEMPT WELL WITHIN AN ACTIVE MANAGEMENT  
15 AREA AND QUALIFIES AS A REPLACEMENT WELL IN APPROXIMATELY THE SAME LOCATION  
16 AS PRESCRIBED IN RULES ADOPTED BY THE DIRECTOR PURSUANT TO SECTION 45-597.

17 2. THE APPLICANT HAS SUBMITTED EVIDENCE THAT DEMONSTRATES ONE OF THE  
18 FOLLOWING:

19 (a) THIS STATE OR A POLITICAL SUBDIVISION OF THIS STATE HAS ACQUIRED  
20 OR HAS BEGUN A CONDEMNATION ACTION TO ACQUIRE THE LAND ON WHICH THE ORIGINAL  
21 WELL IS LOCATED.

22 (b) THE ORIGINAL WELL HAS BEEN RENDERED INOPERABLE DUE TO FLOODING,  
23 SUBSIDENCE OR OTHER EXTRAORDINARY PHYSICAL CIRCUMSTANCES THAT ARE BEYOND THE  
24 CONTROL OF THE WELL OWNER.

25 F. If any water from a proposed well will be used for domestic  
26 purposes as defined in section 45-454 on a parcel of land of five or fewer  
27 acres, the applicant shall submit a well site plan of the property with the  
28 notice of intention to drill. The site plan shall:

29 1. Include the county assessor's parcel identification number.

30 2. Show the proposed well location and the location of any septic tank  
31 or sewer system that is either located on the property or within one hundred  
32 feet of the proposed well site.

33 3. Show written approval by the county health authority that controls  
34 the installation of septic tanks or sewer systems in the county, or by the  
35 local health authority in areas where the authority to control installation  
36 of septic tanks or sewer systems has been delegated to a local authority. In  
37 areas where there is no local or county authority that controls the  
38 installation of septic tanks or sewer systems, the applicant shall apply for  
39 approval directly to the department of water resources.

40 G. Before approving a well site plan submitted pursuant to subsection  
41 F of this section, the county or local health authority or the department of  
42 water resources, as applicable, pursuant to subsection F of this section,  
43 shall review the well site plan and determine whether the proposed well  
44 location complies with applicable local laws, ordinances and regulations and  
45 any laws or rules adopted under this title and title 49 regarding the

1 placement of wells and the proximity of wells to septic tanks or sewer  
 2 systems. If the health authority or the department of water resources, as  
 3 applicable, pursuant to subsection F of this section, finds that the proposed  
 4 well location complies with this title, title 49 and with local requirements,  
 5 it shall endorse the site plan and the proposed well placement in a manner  
 6 indicating approval. On endorsement, the director of water resources shall  
 7 approve the construction of the well, if all remaining requirements have been  
 8 met. If the health authority is unable to determine whether the proposed  
 9 well location complies with this title, title 49 and local requirements, it  
 10 shall indicate this on the site plan and the decision to approve or reject  
 11 the proposed construction rests with the director of water resources. If  
 12 parcel size, geology or location of improvements on the property prevents the  
 13 well from being drilled in accordance with this title, title 49 or local  
 14 requirements, the property owner may apply for a variance. The property  
 15 owner shall make the request for a variance to the county or local authority  
 16 if a county or local law, ordinance or regulation prevents the proposed  
 17 construction. If a law or rule adopted under this title or title 49 prevents  
 18 the proposed construction, the property owner shall make the request for a  
 19 variance directly to the department of water resources. The request for a  
 20 variance shall be in the form and shall contain the information that the  
 21 department of water resources, county or local authority may require. The  
 22 department of water resources, or the county or local authority whose law,  
 23 ordinance or regulation prevents the proposed construction, may expressly  
 24 require that a particular variance shall include certification by a  
 25 registered professional engineer or geologist that the location of the well  
 26 will not pose a health hazard to the applicant or surrounding property or  
 27 inhabitants. If all necessary variances are obtained, the director of water  
 28 resources shall approve the construction of the well if all remaining  
 29 requirements have been met.

30 H. If a well that was originally drilled as an exploration well, a  
 31 monitor well or a piezometer well or for any use other than domestic use is  
 32 later proposed to be converted to use for domestic purposes as defined in  
 33 section 45-454, the well owner shall file a notice of intention to drill and  
 34 shall comply with this section before the well is converted and any water  
 35 from that well is used for domestic purposes.

36 Sec. 3. Effective date; condition

37 Section 45-596, Arizona Revised Statutes, as amended by Laws 2002,  
 38 chapter 133, section 5 and section 2 of this act, is effective as prescribed  
 39 in Laws 2002, chapter 133, section 15.

**APPROVED BY THE GOVERNOR APRIL 6, 2006.**

**FILED IN THE OFFICE OF THE SECRETARY OF STATE APRIL 6, 2006.**
